

At Alon Plastic we specialize in the field of plastic injection. It was founded in 1970 by Siman Tov Amran.

The company manufactures a variety of products such as irrigation and gardening systems.

Alon Plastic uses top of the line materials and ensures products of the highest quality.

Alon Plastic has manufactured a significant portion of Metzer products for many years. It is known for its reliability and professionalism.

The company accepts a variety of subcontracting work in the field of plastic injection.

We pride ourselves on offering the highest quality products and customer service that is second to none.

If you choose to work with us, your company will enjoy high-quality plastic products that meet all of your requirements.
